Travel Team Testimonials

Charlie has played for a few different travel programs all with their own merits but without a doubt Charlie would not have had the same opportunities to play college lacrosse had he not played for Burning River last year. Coach Calleri and his staff worked very hard with Charlie during the season to improve his skills as well as to get him exposure at the right tournaments in front of the right coaches. One thing that really struck me is that Coach Calleri has a network of college coaches that look to him to deliver players. Recruiting is hard for college coaches; its almost impossible for them to get around to see all the players so in addition to to doing their own evaluation coaches count getting the inside scoop from Woody and the Burning River team. Its almost like having your own agent looking out for your son's best interest.

Going into the summer of 2014 Charlie had not been directly contacted by any colleges. Coming out of nearly every tournament that we played in Charlie was contacted by schools or Coach Calleri was calling Charlie to tell him of yet another school that was interested in having him out for a visit. Heck, Charlie even got contacted after tryouts and making the Elite team. He had not even played a minute during a summer tournament and was already getting requests for college visits. The BR brand is that trusted by coaches.

In the end, your son has to be a high quality player but if the skills, desire and work ethic are there then your son will most likely get lots of opportunities to keep playing in college after a summer of playing for Burning River.

Sincerely,

John Zimmerman
