

FISHER HOUSE FACTS

Greater Los Angeles Fisher House

A Fisher House is “a home away from home” for families of patients receiving medical care at major military and VA medical centers. The homes are normally located within walking distance of the treatment facility or have transportation available. There are 53 Fisher Houses located in the United States and Germany.

Typically, the houses are 5,000 to 16,000 square foot homes donated by Fisher House Foundation. Each house is designed to provide eight to 21 suites. All are professionally furnished and decorated in the tone and style of the local region. The houses can accommodate 16 to 42 family members. They feature a common kitchen, laundry facilities, spacious dining room and an inviting living room with library, and toys for children.

Who Runs a Fisher House:

Fisher Houses are given to the U.S. Government as gifts. Military service secretaries and the Secretary of Veterans Affairs are responsible for the operation and maintenance of the homes. The Fisher House Foundation, Inc., a not-for-profit organization under section 501(c)(3) of the IRS code, builds new houses, and assists in the coordination of private support and encourages public support for the homes.
