Travel Team Testimonials

Burning River Lacrosse is the *best* program out there!

My son has learned more about where teamwork, personal effort, and a coach's support can take you than any other group he has been with or could be a part of. The coaches go above and beyond the norm to ensure the boys get what they need to succeed and move to the next level. Their coaching and support of their players is top notch. They help parents and players make their way through the maze of college recruiting. They are also, many times, a connection to a college coach that might not have been as readily available otherwise.

I believe that my son's involvement with Burning River Lacrosse has not only made him a better lacrosse player but is helping us, as his parents, lead him to being a better adult.

Sincerely,

Kathy White / Jake White #56
