

9th Annual 'Crosse Out Cancer' College Showcase

- The event will benefit the Comprehensive Breast Cancer Program at Cleveland Clinic. This program provides world class care to patients with breast cancer and is at the forefront of new and emerging clinical, translational and basic cancer research.
- This event, which is the largest fall college showcase, will feature 16+ Men's Lacrosse Teams and 6+ Women's Lacrosse teams. The teams are paired up on the field to show their talents, have fun and *reach out to make a difference in the lives of others in the community*. The success of this event is made possible by local and national sponsorships, many parent and coaching volunteers and of course the main attraction – the players.
- This year's goal is to raise over \$20,000 for breast cancer research.
- **To date, Crosse Out Cancer has raised over \$155,000 in support of breast cancer research.**
