

What Questions Should I Ask Of My Travel Team?

- What is the programs commitment to my son?
- Who are / will be my sons coaches? How many coaches work with my son? What are their responsibilities?
- What is the practice philosophy? How much time is spent of skills development? Live play?
- What is the goal of the summer travel team?
- How successful have your teams / players been in the past?
- What tournaments do you attend? Why?
- What is the expected commitment?
- What do you do for the college recruiting process? Who calls college coaches? Who meets with us? Is it included?
- What is the cost of the summer travel team? What is included?
- Do you take all players or are tryouts competitive? If competitive are all spots open? If not how many are?
- How is playing time handled?
- Are your coaches available to watch / evaluate my son in the spring?

At Burning River we know that no other team offers the coaching, practice format, competitive tournaments, network (tournament and college coaches), and/or support that we do.
