

What Is The Cost Of The Summer of 2025 Travel Team? What Is Included?

We typically price the summer fees higher than needed to start. This allows us flexibility to cover increases in tournament costs (not known until December), insurance costs, food costs, equipment rentals, practice fields, etc. We then negotiate with all our vendors to determine the final costs. Once those costs are known we set the final team price. This price is usually below the initial estimate. **Please note that uniform (pinnie and shorts) costs are a separate fee (approx. \$85). This is because we only change uniform designs every 3 to 4 years and players can reuse their uniforms from year to year**

High School maximum of \$2,450 - This fee includes the following:

- **3 National Recruiting Tournaments or Showcases** – (Cost if purchased outside the team - \$1,650)
